Malaysia Biennial 100YC - Medini 2017
Malaysia
Supervised by UTSOA Professor Kory Bieg, developed a city of the future situated in Malaysia, just north of Singapore. Deliberated motifs that would manifest over the next century and designed a city around those concepts. A model was constructed, sent to Malaysia, and displayed as a proposition for the city planners to use as inspiration
02/2017 - 08/2017

Changing City Fabric: Freddy Mamani Silvestre's
Influence on El Alto
UTSOA Austin, Texas
Photographic exhibition of the work of civil engineer, Freddy Mamani, documenting architecture in the context of the Bolivian landscape. Photos and narration on building typology is displayed in UTSOA's Visual Resources Collection.
